Know Your Shelter

Hurricane Evacuation/ General Population Shelters

are facilities that provide increased protection from high winds to the public. Space may be limited and evacuees must be capable of taking care of their own needs or be accompanied by a caregiver.

Pet Friendly Shelters

are co-located with some general population shelters. Household pets entering a pet friendly shelter must be caged for safety and owners should provide water and food for their pets.

Hurricane — Evacuation Shelters

Statewide List

Not every shelter on this list will be opened during an emergency. Check news media and county messages during emergencies for listings of open shelters.

⚠️ ATTENTION! ⚠️

Hurricane Evacuation Shelters WILL NOT open during evacuations for a **Tsunami WARNING**. Your local civil defense or emergency management agency will provide locations of tsunami refuge or assembly areas through local media.

Be Informed and Ready

Not every shelter on this list will be opened during an emergency. Check news media and county messages during emergencies for listings of open shelters.

During an emergency or threat of disaster, emergency information will be broadcast over local radio and TV stations. These broadcasts may include information about the location of hurricane evacuation shelters. More information, including the location of shelters for household pets may be broadcast, as well as when volunteers will be available to open shelters.

Since hurricane evacuation shelters do not stock supplies, please bring provisions from your emergency supply kit at home. You will need at least seven days worth of food, water, and personal items for yourself, family members, and pets.

Please review this statewide list of Hurricane Evacuation Shelters and note the two or three closest to your home. The shelters are listed by county.

The **ReadyHawaii** App provides listings of open shelters. Download it for free through iTunes or Google Play.
